NICKEL 28 ANNOUNCES CONFIRMATION OF CASH DISTRIBUTION FROM RAMU JOINT VENTURE

TORONTO, ONTARIO, October 9, 2024 — Nickel 28 Capital Corp. (“**Nickel 28**” or the “**Company**”) (TSXV: NKL) (FSE: 3JC0) is pleased to announce the pending receipt of its seventh cash distribution from the Ramu joint venture.

Nickel 28 has received confirmation of a cash distribution for H1 2024 operating performance of approximately US\$4.0 million in respect of its 8.56% joint-venture interest in the Ramu Nickel-Cobalt project in Papua New Guinea, which is operated by Metallurgical Corporation of China. Nickel 28 also received confirmation of the repayment of US\$7.5 million of Nickel 28’s portion of the remaining Ramu joint venture partner construction debt, reducing Nickel 28’s attributable balance to approximately US\$37.7 million. The timing of receipt of the distributions remains to be confirmed but is anticipated to occur during October 2024.

“The first half of 2024 was characterized by low nickel and cobalt prices. Ramu’s efficient operations and low operating costs allowed it to generate surplus cash, even in this environment,” commented Christopher Wallace, Nickel 28’s CEO. “The amount of the distribution also benefitted from certain changes in working capital balances. Working capital tends to even out over the course of the year and subsequent distributions may also be affected by working capital changes, either negatively or positively.”
